

# AMIN AGHAYEV

## SOFTWARE DEVELOPER

Aliagha Shixlinski 42a m38, Khatai, Baku | [developedbyamin@gmail.com](mailto:developedbyamin@gmail.com) | +994-51-999-41-89

I am a Software Engineer focusing on mobile and full-stack development. I work on creating user-friendly mobile apps and learning to build robust web services. I enjoy collaborating with teams to deliver solutions that enhance user experiences. Check also: <https://instagram/developedbyamin>

### AREA OF EXPERTISE

Mobile Development	Front-End Development	Version Control
Documentation	Testing and Debugging	Responsive Design

### KEY ACHIEVEMENTS

- **Collaboration and Teamwork.** Actively participated in team meetings and brainstorming sessions, offering valuable insights and contributing to team goals, fostering positive working relationships.
- **Technical Skills Development:** Acquired proficiency in Dart/Flutter, Django through hands-on experience and mentorship, enhancing ability to contribute to team projects.

### EXPERIENCE

- Pomodoro app** - <https://github.com/developedbyamin/pomodoroapp>
- The app features a customizable timer for focused work sessions, integrated task tracking, and graphical analytics to visualize user productivity over time.
- Portfolio website** - <https://github.com/developedbyamin/portfolio>
- I designed and developed a portfolio website to showcase my projects, skills, and professional background.
- Mini Social Media app** - <https://github.com/developedbyamin/portfolio>
- I developed a mini social media app prototype using Flutter and Firebase. This project allowed me to explore mobile app development and back end integration in a modern tech stack.
- Task for Intern** - <https://github.com/developedbyamin/flutterapitask>

### EDUCATION

- Azerbaijan University - Information Security (B.S degree)** 2021-2025
- I am currently studying Information Security at Azerbaijan University. My program provides a comprehensive education in protecting digital information and systems from cyber threats.
- Holberton School Azerbaijan - Full Stack Web Development** 2024-2025
- I'm currently enrolled in the Full Stack Web Development program at Holberton School Azerbaijan. This program offers a dynamic learning experience focused on preparing students for web development careers through a comprehensive curriculum and hands-on projects.

### ADDITIONAL INFORMATION

- **Languages:** English, Turkish
- **Technical Skills:** Mobile and Full Stack web development ( Dart/Flutter, Node.js , Django, React )
